

SENECA CENTER

Training Clinicians to Help Children and Families Through Their Most Difficult Times

Seneca Center offers comprehensive training to clinicians who are dedicated to working with children and families through the most difficult times of their lives. From the moment of hire, Seneca Center will work with you to plan your path to licensure, including projecting dates for completing your hours and helping you prepare for your exams.

Through participation in our training program, clinicians develop expertise with children and families using our unique relationship-behavioral approach in a variety of programs in schools, community-based services, and residential treatment settings. We offer opportunities for developing specialized skills, including clinical supervision, program management, and evidence-based practices.

Our premier clinical training program offers everything a clinician needs to become licensed:

CLINICAL SUPERVISION

- Supervised clinical hours
- Curriculum-based group supervision
- Projection of supervised experience and plan for licensure from point of hire

TECHNICAL ASSISTANCE

- BBS registration assistance
- Competitive salary and salary increase with licensure
- Licensing exam preparation and support

TRAININGS AND WORKSHOPS

- Clinical case conferences
- BBS required courses offered throughout the year
- Advanced clinical training workshops with national experts on a wide variety of topics in clinical practice
- Professional development stipend to participate in professional conferences and other trainings
